FROM SELLING PRODUCTS TO SOLVING PROBLEMS: THE NEXT STEP FOR COMMERCE

Beyond selling products, successful commerce becomes indispensable—deeply integrated into customers’ lives and difficult to replace.

McKinsey NeXT Commerce Logic

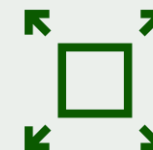

Successful companies are becoming **indispensable** to their customers by using digital to provide **experiences** that **solve** a much broader set of their **customers’ problems**.

Expand into
Broader Services

“Becoming a problem-solving platform requires hard choices, but ultimately leads to **greater profitability** through a **stronger customer data advantage**.”

CJ THE MARKET NEEDS TO EVOLVE INTO A PLATFORM THAT SOLVES EVERYDAY FOOD-LIFE CHALLENGES

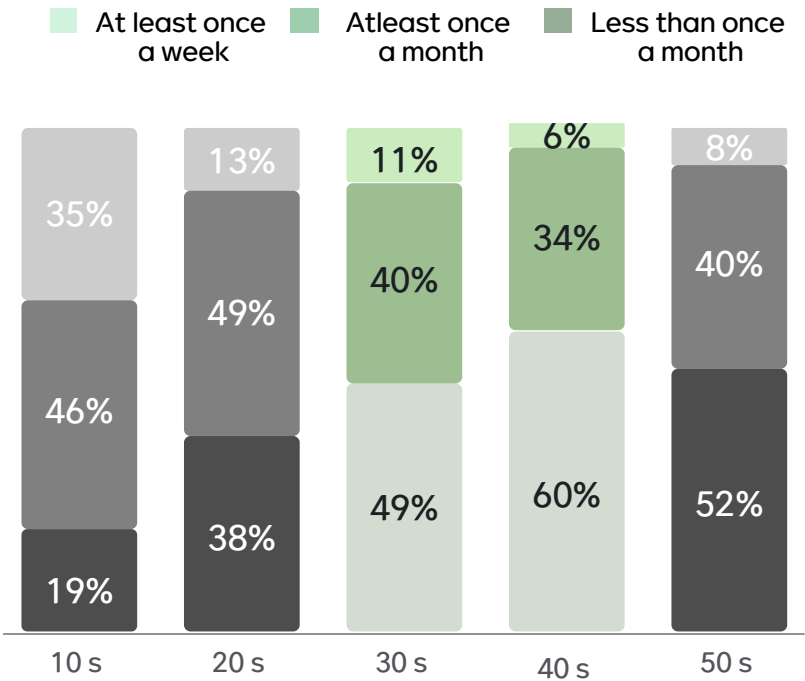

By embedding services into customers' lifestyles, CJ THE MARKET can expand daily touchpoints, drive MAU growth, accumulate customer data, and create a virtuous cycle of personalized services.

PRIORITIZE 30S-40S CONSUMERS WITH HIGH PURCHASING POWER FOR MORE EFFECTIVE TARGETING

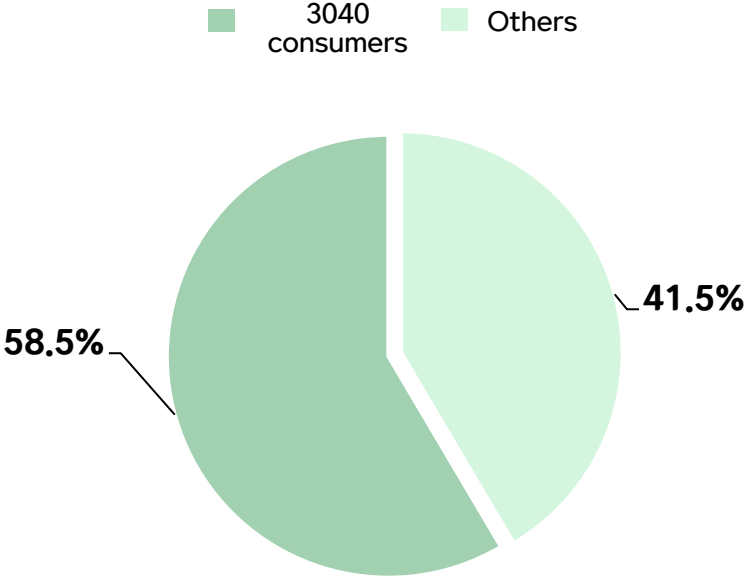

Consumers in their 30s-40s, who shop online frequently, make up CJ THE MARKET’s key customer base.

<MEALTIME CHALLENGES>

A COMPREHENSIVE SOLUTION
FOR YOUR CHILD'S EATING HABITS

ONE-BITE EXPLORER

For Kids

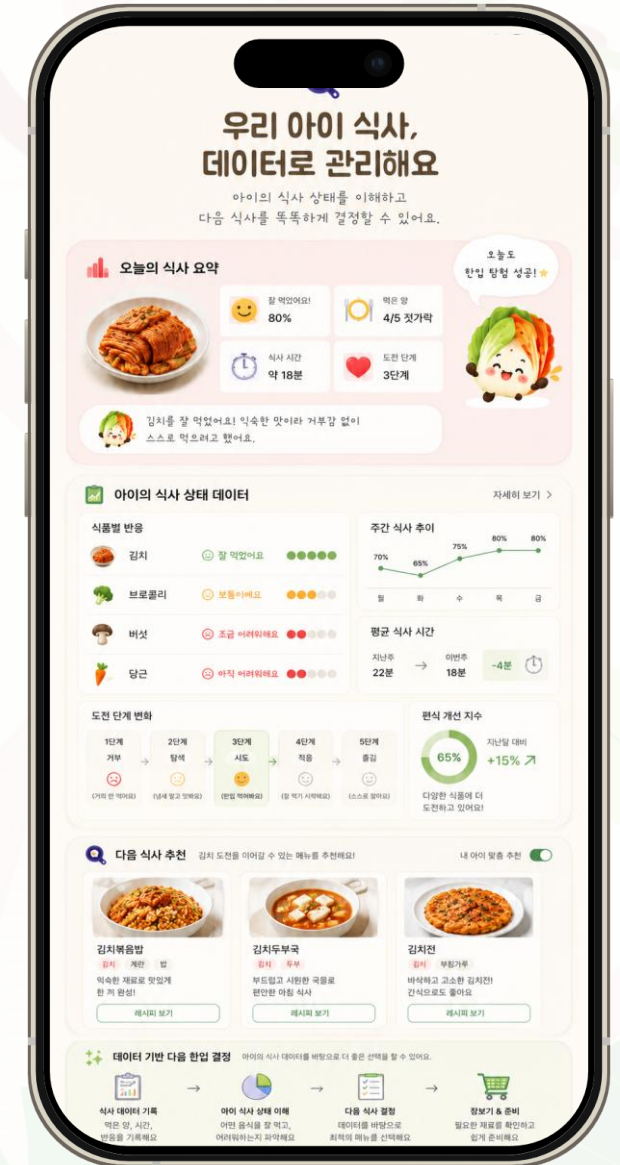

From foods you “have to eat”
to foods you “want to explore”

Encourage Positive Experiences and
Exploration of New Foods

For Parents

Manage your child’s meals
based on “data” – not instinct

Understand the Child’s Eating Patterns
and Plan the Next Meal

01 BEGIN YOUR ONE-BITE ADVENTURE

Select food preferences · Enter child's age

01. PICK A FOOD TO EXPLORE
Choose ingredients that your child is picky about, such as bell peppers, carrots, and kimchi

02. SELECT YOUR CHILD'S AGE
Select from ages 2 to 7 or older

03. RECOMMENDED PROGRAMS
Program recommendations based on selected ingredients and age

The screenshot displays the app's initial setup screens. At the top, a bear icon and a '처음으로' (Start Over) button are visible. The first screen asks '오늘은 어떤 음식이랑 친해져 볼까?' (Which food will we get to know today?). Below this, a section titled '1. 친해지고 싶은 음식' (Food I want to get to know) shows a grid of food options: 파프리카 (Bell Pepper), 당근 (Carrot), 브로콜리 (Broccoli), 버섯 (Mushroom), 김치 (Kimchi), and 생선 (Fish). Kimchi is selected, indicated by a green checkmark. A lightbulb icon and text encourage trying new foods to improve eating habits. The second screen, '2. 우리 아이 나이' (My child's age), shows age selection buttons: 만 2세, 만 3세 (selected), 만 4세, 만 5세, 만 6세, and 만 7세+.
