

A beauty tool brand dedicating to PHA

PHAlette

Have you ever heard about PHA ?

A group of approximately 15 young adults are standing in a circle in a dimly lit room. Two individuals, a man and a woman, are highlighted by a bright spotlight in the center of the circle. The man is wearing a dark jacket and glasses, and the woman is wearing a light-colored cardigan. The other people in the circle are mostly in shadow, looking towards the center. The text "Only 2 respondents were aware of it" is overlaid in white at the bottom.
